

Landscape Noise Reduction Task Force Meeting Minutes

Thursday, April 16 at 5:30 p.m.

We discussed the cost analysis conducted by one of our members that examined the impact of a ban of gas powered leaf blowers on landscaping companies. We also discussed the benefits of a ban and the most appropriate time frame for enacting a ban. Finally, we discussed the benefits of reducing the use of gas-powered leaf blowers with respect to COVID-19.
